

Direct Screen Colonoscopy Program

FAQs

It's Easy as 1-2-3!

1. Make sure your patient is a candidate for screening
2. Complete the Referral Form OR send direct from your EMR/EHR
3. Give patient brochure and let them know we will be calling

*Just fax Referral Form and demographic face sheet to 702-269-0428
....We do the rest!*

Program Benefits-Patients

- Convenient Scheduling
- Cost savings to the patient by skipping the office and going directly to the procedure
- Access to top-notch docs and nursing staff & great outpatient facility
- New prep is more gentle than those from the past
- Early detection saves lives-
U.S. Preventative Services Task Force recommends screening for colorectal cancer in adults, beginning at age 50 years and continuing until age 75

Program Benefits-Referring Office

- No administrative paperwork for the referring office
- All benefit verification, scheduling, and medical history is completed by our staff
- Parkway Surgery Center will communicate with your practice and the patient every step of the way
- Operative and pathology reports are send directly to you
